A LESS COMMON PROPOSAL - SURVIVAL TEAM BUILDING

**"Once we accept our limits,
we go beyond them."**

Albert Einstein

**"Only those who risk going too far can
possibly know how far one can go."**

T.S. Elliot

Instead of a common Team Building session, we propose you a different program, which will place your people in unusual situations, to be passed only if they really act as a team. The module simulates with realism a survival situation, which will test the participants and team relationships during a few days.

Like the Eco-Challenge competition, the teams will cross a route by different means, they have to get food and prepare it and they have to build shelters to pass the night. In one sentence, the participants will "survive" as a team, by consensus and through a shared decision making process.

We talk about a Premium program, specially designed for the top management. The next step should be a meeting to discuss all the details of the Team Building module.

	PARTICIPANTS	CHALLENGES															
	<p>Each team will be composed by a few persons (mixed) and they will compete with other groups, from different companies and industries.</p> <p>The teams will fight for survival, to finish the route and to pass all the challenges.</p> <p>The Big Award awaits at the end.</p>	<table border="0"> <tr> <td>Rafting</td> <td>Caving</td> </tr> <tr> <td>Rappel</td> <td>Canyoning</td> </tr> <tr> <td>Flying Fox</td> <td>Escalade</td> </tr> <tr> <td>Orienteering</td> <td>Fishing</td> </tr> <tr> <td>Paintball</td> <td>Camping</td> </tr> <tr> <td>ATV</td> <td>Geocaching</td> </tr> <tr> <td>Mountain Bike</td> <td>Via Ferrata</td> </tr> </table>	Rafting	Caving	Rappel	Canyoning	Flying Fox	Escalade	Orienteering	Fishing	Paintball	Camping	ATV	Geocaching	Mountain Bike	Via Ferrata

	100% SAFETY	WHEN AND WHERE ?															
	<ul style="list-style-type: none"> The teams will be permanently monitored (discreetly) by our instructors A "Salvamont" team will be ready to intervene at any moment Medical team ready to take action in case of necessity Professional equipments and absolute security 	<p>The location will be chosen to include in the program as many adrenalin activities as possible.</p> <p>The module is designed for a few days, during the week, between June and September.</p>															

WHY ?

- Because, more than ever, "survival" became a keyword for the business
- Because you need strong teams, able to react like one system, facing and solving any situations from the daily activity
- Because it is about trust, communication, cooperation, leadership, teamwork, budgeting, imagination, decision making, problem solving, innovation, delegation
