

TREASURE HUNT

"Choose a job you love, and you will never have to work a day in your life."

Confucius

"You are never too old to set another goal or to dream a new dream."

C. S. Lewis

An important success factor for the Team Building sessions is the context change - people use to have different attitudes, they are less tensed, natural and more open when interacting with the others when the exercises take place in a different environment (not where they usually work).

As we always have to find out the right balance between work and pleasure, we propose you a funny escapade in the nature and a good opportunity to refill your batteries and to refresh your creativity level for the incoming period of time.

TREASURE HUNT

"Stanciu Bratu was one of the most famous outlaws of the end of the 18th century, known with his fellows in the area of Rucar-Bran and in the north of Dambovitza river. They have the main shelter in a cave close to "Cerdacul Stanciuului" from Piatra Craiului mountains ...".

This is (more or less) the beginning of the Treasure Hunt modules we organize - we start from a legend or an historical fact and we build the challenges for the teams and participants.

Starting with a few clues, the teams will follow a route searching for the lost Treasure. The clues will take the participants through the entire area and through the history of the place, combining the memory of the passed times with the daily technology - you will have GPS devices to guide you to the ancient Treasure.

LOCATIONS

We have a "collection" of more than 30 Treasure Hunt modules, developed in almost all touristic locations from our country, and, by request, we can create a new program in any requested area.
